

Why is the NHS PTA going paperless?

Each year, the PTA receives more than 3,000 sheets of paper/checks during student registration days. Implementing an online membership management tool will provide a quick, convenient and secure shopping cart for families to enroll in the PTA, purchase membership, make a donation and purchase the online/mobile telephone directory.

NHS families have requested access to the Student Telephone Directory from any Internet connected device ~ computer, smart phone iPad, etc. Moving to a secure online directory, the data can be updated throughout the school year.

The online directory has several sort features as well as an option to print.

Saves money - no more printing costs.

Reduces errors, information is managed by the parent.

How does it work?

NHS families will receive an email with login instructions, you will be asked to confirm data is correct, and select what data you would like to appear in the directory.

Volunteer Sign up will be managed online providing greater flexibility. Your signups are tracked under your account and you can add, change or delete a sign up as necessary to meet the demands of your schedule. An email reminder will be sent a few days prior to the event/activity.

PTA Shopping Cart provides a secure and convenient process to enroll in the NHS PTA, make a donation and purchase the online telephone directory. Payment is through your PayPal account or credit card

Is it secure?

Yes! All data is stored behind secure firewalls and can only be accessed by authorized user with a validated username and encrypted password. All data is viewed and passed using SSL encryption.
